WILSON MAY UP TO GERMANY TO DID TONY OR LOUISE RECOGNIZE VILLA STATE PEACE TERMS DO THE PROPOSING?

Instead of Getting Him Dead or By Telegram to The President
Altre. Administration May Recon-
sider Him as a Revolutionary
Leader.

By Telegram to The President.
Washington, Dec. 28.—The ad-
ministration today faced the most
serious situation in regard to Mex-
ico that it has confronted since the
American troops were ordered
across the border in pursuit of
Villa.

Information has reached here
that General Carranza has refused
to accept the agreement reached
at the joint commission at Atami-
nau for the conduct of future re-
lations between his government and
the United States.

The next step by the adminis-
tration will be decided this week,
when the three members of the
commission of the American section
of the commission came here.

From sources close to the com-
mission, it was learned today that
the most probable course of action
will be recognition of Carranza
as a revolutionary leader, and
moving him from the status of a
bandit.

If this course is followed, one
of the objections raised by General
Carranza to the proposal under
standing will be removed, as the
American troops would be with-
drawn at once. The objection of
the "First Chief" to keeping Amer-
ican troops on Mexican soil, consi-
dering the fact that they are
to get Villa, was that it consti-
tuted a violation of the sovereignty
of Mexico. Military experts here
declare that the presence of the
column has been in reality a war
to the west of the position occu-
pied by General Pershing's com-
mand, insuring Carranza control
of that portion of northern Mexico.

Luis Cabrera, chairman of the
Mexican section of the commission,
is expected to present today to
Secretary of the Interior Lane, the
American chairman, the answer of
the "First Chief" to the demands
of the administration that the pro-
posal be accepted.

This answer will be conveyed
to the White House and the state
department by Mr. Lane.

The conduct of the negotiations
is still in the hands of the Ameri-
can cabinet officer, but will be
personally by President
Wilson and Secretary Lansing when
the session of the commissions
conclude.

One more formal session of the
commission is probable, to wind up
his affairs.

"DOC" WATERBURY COMING TO TOWN

Famous Swindler to be Brought Here
to Answer to Indictment For
Swindling Dr. C. O. Sahler.

"Doc" Waterbury, again, when a
sealed indictment was handed down
on the grand jury on March 14, 1914,
will be brought to Ulster county from
Sing Sing today. "Doc" Waterbury
is a notorious criminal and the au-
thorities in many places are waiting
their turn to renew acquaintances.
Waterbury has been serving time in
Sing Sing for an offense other than
that committed in Ulster county.
On December 22, 1910, Water-
bury, who also goes under the names
of J. Malcolm Stuart, Peter Water-
bury, Robert J. Johnson, Jules M.
Ford, Harry Waterbury and James
Waterbury, paid a visit to Kingston
and under the guise of being a writer
he promised to have printed articles
containing cuts and pictures of Dr.
Sahler's Sanitarium in the New York
Times and Tribune. For this he re-
ceived \$204 from Dr. Sahler to pay
for the cuts and photographs, and up
until the present time the Tribune
and Times have failed to comply with
Waterbury's rosy promises.

On March 14, the following year,
the grand jury found an indictment
charging Waterbury with grand larceny
in the second degree but at the
time of the indictment "Doc" was
elsewhere engaged, having been
paroled from Sing Sing the Ulster
county authorities have been given
their long sought for chance and
when Sheriff Shultis arrived with his
prisoner today the Ulster county jail
received as its guest one of the most
notorious criminals to be housed
there for some time.

At the time of Waterbury's visit
to Kingston he operated under the
name of J. Malcolm Stuart, a writer
well known to readers of modern
stories.

GOOD FOOD MAKES A GOOD STUDENT

Initiator of Penny Luncheons in
Rochester Gives Interesting Lec-
ture Before Appreciative Audi-
ence in High School Auditorium.

At the high school Wednesday
evening, a most appreciative audi-
ence listened to an interesting
and instructive lecture on Penny
Luncheons for school children by
Mrs. A. W. Hotchkiss of Rochester.

The lecture was preceded by a short
musical program consisting of a
piano trio by Miss Dorothy Gil-
lespie, Francis Anderson and Master
Frank Anderson, also a vocal solo
by W. H. Anderson, Mrs. Hotch-
kiss told how she has established
these lunches in 10 grammar and
two high schools in Rochester, also
in several factories. She claimed
that most ineducable school chil-
dren were made so by improper feed-
ing, many parents being poor and
ignorant, others rich and ignorant,
the result being the same in both
cases—poorly nourished, feeble,
unmanageable children. The estab-
lishment of lunches in the schools
of Rochester has practically solved
the problem of the ineducable
child, he recipe for managing chil-
dren being the same as that pre-
scribed to the wife for managing
her husband. "Feed the Brute,"
she also stated that when inexpen-
sive lunches were provided in fac-
tories the saloons in their vicinity
were obliged to close for lack of
customers.

MISS
HAZEL
DALY

"Peppin' Toms" occasionally get a with it, but Peter Zyla
not only did not get away with it, but it cost him \$2,500 to see less
than a shown in the photograph.

Recently there was an incident in the Chicago stock yards and Peter
Zyla employed there, complained that a cost him his sight. He passed
every medical test and was awarded \$2,500, the amount guaranteed by
the casualty company that insured the yards from loss. The company,
however, was not certain that Zyla was really blind and its Chicago man-
ager framing a "fake" movie in Peter's yard.

Franking was a man who had been blind since birth and his Chicago man-
ager up her shirt and expose her ankles. This was too much for "blind"
Peter, who peeped and now is out the \$2,500. The picture shows Miss
Hazel Daly, who posed as the actress and the ankle Peter peeped.

iously wounded as her husband, and
has been discharged from the hos-
pital as cured and has returned to
her home.

who is employed on Turkey's boat,
reported to the police that some-

his pocket while at work. Sergeant
Hanley made an investigation and
has recovered the watch. An arrest
was made in the case, but this morn-

STAGES OF RELIGION.

Religion, says Doctor Hall, begins
in the cradle, in the sympathy between
mother and baby, in the sense of se-

on its parents, in the wonder at the
universe, in the training in obedience.
The mother must know in what a

SOCIETY NOTES

In the busy whirl of Christmas festivities, those fond of dancing and who have enjoyed many an assembly in the past, are reminded of the dance to be given Friday evening at St. Mary's Hall under the direction of Miss Helen Westbrook.

At a very small and informal dinner party given at the home of Mr. and Mrs. Robert K. Hutton, the announcement was made of the engagement of their elder daughter, Helen Livingston Hutton, to Roger Henry Feser of Cincinnati, Ohio.

Mr. and Mrs. Morris Katz of New York city have announced the engagement of their daughter, Babette, to Jacob Greenwald of this city. Miss Katz is a niece of Jacob Forst. Mr. Greenwald is the well-known shoe merchant on Broadway and Abell street.

A delightful dance was held at the Karline Grange Hall Wednesday evening and was attended by two sleighloads of Kingston young people. Among those who went from this city are the Misses Loretta Sudheim, Hazel Byers, Ruth Terwilliger, Ethel Skelton, Faith Safford, Helen Wood, and Gene McConnell, Lauren Bell, Edwin Ashby and Chester Lawson.

Mrs. Fred Sahloff entertained a number of her friends at her home, No. 127 Hasbrouck avenue, on Wednesday evening. During the evening an elaborate repast was served by the hostess, covers being laid for ten. Among those present were Mrs. John Woodland, Mrs. Fred Keagel of Schenectady, Mrs. Louis Kellerman, Mrs. Charles Rommel, Mrs. H. N. Deming, Mrs. Henry Topp, Miss Esther Kellerman and Miss Amanda Luedke. A most enjoyable evening was spent, and all present voted their hostess a royal entertainer.

The home of Mr. and Mrs. E. G. Everett of Lucas Avenue Heights was the scene of a Tuesday afternoon of a delightful party given to announce the engagement of Miss Mae A. Everett, daughter of Mr. and Mrs. Everett, and Stanley Everett of this city. The following friends of Miss Everett, Miss Ruth Sandenburgh, Miss Ella Matthews, Miss Ruth Smith, Miss Margaret Angle, Miss Eleanor Halldar, Miss Lucinda Rich, Miss Dorothy Leighton and Miss Sarah Lounsbury, spent part of the afternoon playing five hundred. Following the games the guests were ushered into the dining room, made especially attractive with its decorations of pink roses. A complete surprise awaited the guests who found cards placed, rolled into a ring, cards bearing the pictures of Miss Everett and Mr. Matthews, and the announcement of the engagement. The attention of the guests was then happily divided between the showering of congratulations upon their hostess and the participating in the delicious refreshments.

The Leap Year is passing all too quickly for the young ladies of the city and Tuesday evening a number of high school girls availed themselves of its special advantages by giving a dance at the Karline Grange Hall.

Everyone had a jolly time dancing to the music of Spaul's orchestra. The hall was prettily decorated with evergreens and poinsettias. Those present were the following: Misses Ruth Ashley, Ruth Sandenburgh, Ruth Deegan, Ruth Terwilliger, Ethel Skelton, Lillian Metcalf, Hazel Byers, Dorothy McKittick, Katherine Pheasant, Elizabeth Martin, Elsie Grant, Faith Safford, Josephine Schmid, Helen Wood, Marion Kingman, Frances Brink, Ruth Humphrey, Marion Bell, and William, Donald and Harry Ross. Raymond Smith, Fred Brown, Frank Finley, Eugene McConnell, Howard Osterhoudt, Gus Brindler, Bruyn, Tignes, Albert Deyo, Alexander Rodde, Wilson LeFevre, Edward Relva, Lauren Bell, John Dwyer, Alfred Schmid, and Adolph Bell. The party was chaperoned by Miss Eloise Meyers and Mr. and Mrs. Floyd Edinger.

Federation Meeting.
The December meeting of the Federation of Women's Clubs will be held at the Y. M. C. A. Friday morning at ten o'clock, and as there will be some important committee reports given, a full attendance is desired.

Kunst-Berman.
Barney Kunst of No. 61 East Strand, and Miss Rose Berman of No. 71 Hasbrouck avenue, were united in marriage on Tuesday in New York city by the Rev. D. Schochman. The witnesses were Michael Florman and M. Berman. Both young people have the well wishes of a host of friends for a long and prosperous married life.

Jordan-O'Brien.
Miss Mary C. O'Brien and Daniel Jordan of this city, were married at St. Mary's Church on Wednesday by the Rev. John J. Hickey. The attendants were Paul McKoon and James C. O'Reilly. Mr. and Mrs. Jordan left on an extended wedding trip, and upon their return will reside in New York city. They have the well wishes of a host of friends.

Crowley-Barnhart.
Miss Naomi Barnhart of No. 58 Lent street, Poughkeepsie, formerly of Kingston, and Charles Crowley of No. 286 Mill street, Poughkeepsie, were married Wednesday afternoon at St. Mary's Church, Poughkeepsie, by the Rev. Father Donohue officiating. The attendants were Miss Christina Crowley, a sister of the groom, and Nelson Shader, a brother-in-law of the bride. The bride was attired in a taupe broadcloth suit and white hat. Her corsage bouquet was of white bride roses and lilies of the valley. The bridesmaid wore brown broadcloth and a gold hat and her corsage bouquet was of pink tea roses. A reception followed at the newly furnished home of Mr. and Mrs. Crowley at No. 58 Lent street. They left on a late train, amid showers of rice and confetti, for a trip to points north.

Kavanaugh Social Club.
Mt. Marion, Dec. 28.—It so happened that the Christmas meeting of the Kavanaugh Social Club was to be held in Miss Anna May Davis's home, and when the members convened there on Thursday evening,

December 21, they quickly saw and understood that nothing had been left undone to make the meeting real "Christmas." The house was artistically decorated with holly and bells, and in one of the rooms stood a Christmas tree, which Miss Davis had felled, a la George Washington, in her father's woodlot. Each member, on arrival, was given a sprig of holly. The chief feature of the evening's entertainment was the unravelling of a massive spider web, which Miss Davis, with the able assistance of Miss Hazel Vrooman, had carefully constructed in the reception hall. The web was surely a network of entanglements, but it provided considerable fun for all, and the members were pleasantly surprised to find the ends of their strings terminated in the Christmas tree, on which the prizes were suspended. Dancing to the music of the Victrola, and other amusements followed, after which the members were served refreshments. The early morning hours were beginning before the club adjourned. Percy Gaddis, of Ruby, is now a member of the club.

WILSON TO FIGHT LABOR LEADERS

By Telegram to The Freeman.
Washington, Dec. 28.—President Wilson's control over congress, never yet broken, will be put to the acid test by his railroad legislation program.

Undaunted by the bitter opposition of organized labor, the president is preparing to employ every resource at his command to force through the so-called compulsory arbitration bill and the measure empowering the chief executive to take over the railroads in case of military necessity and draft their officials and employees into the federal service. He recommended these two measures in his annual message and he has given his henchmen in congress to understand that he wants them passed before congress adjourns on March 4, despite the violent objections raised against them.

Organized labor, with no less emphasis, has served notice on congress leaders that it is determined to resist the president's program to the last ditch. It will voice its protest next Tuesday when the senate interstate commerce committee begins hearings on the proposed legislation. It takes the view that the so-called compulsory arbitration bill would inflict a destructive blow at its most potent weapon—the strike—and it does not propose to acquiesce in the president's plan, no matter how it may be modified.

The American Federation of Labor has adopted a resolution condemning the arbitration bill. The "Big Four" railroad brotherhoods are unequivocally opposed to the measure and will ally themselves with the Federation in fighting it.

KERHONKSON.
Kerhonkson, Dec. 28.—Mr. and Mrs. Webster Wilkinson are spending some time with their daughter at Philadelphia. Ray Windrum was home for the holidays, also Samuel Van Kleeck. James Van Ethen, the lumber dealer, is giving out a very handsome calendar. Mr. and Mrs. Arthur LeFevre of Edenville are spending some time with her parents, Mr. and Mrs. William Addis. Miss Mabel Cross is helping in Wilkinson's store during Mr. Wilkinson's vacation. Undertaker Doyle went to Middletown Tuesday, after the remains of Preston Christian, son of Joseph Christian, of Patankunk. Mr. and Mrs. William Tompkins are entertaining friends from New York.

Time for Silence.
The mother of little Jack remarked that she must do to grandma. Jack offered to do this for her. So mother said she would lie down and take a nap. Noticing how quiet Jack was, she asked him if he had finished his letter. His reply was, "Sh, sh, mother, you will wake yourself up."

Young Diplomat.
Diplomatic little Helen was playing with her sister and cousin. The two girls had toys and Charlie, the cousin, much desired the possession of Helen's. This young lady, however, said in the most conciliatory manner: "Oh, you play with Annie. She's having the bestest time."

Let's Hope So.
"The time is coming when every farmer will make from vegetables the alcohol which will run his automobile." Let us hope that he'll not put any of the fuel in the wrong tank and set out to burn the city jor-riider off the highway.—Louisville Courier-Journal.

Object in Old Saying.
To break a mirror was said to bring seven years of bad luck. This must have been started by someone who hoped that the fear of bad luck would cause everybody about the house to be careful, and thus avoid the waste that would be due to frequent breaking of mirrors.

Another Game and Dance.
There will be another basketball game at East Kingston Saturday night between the Rondout A. C. and the Pioneers. Dancing will follow the game. Stage leaves central post-office at 7:30 o'clock sharp.

KINGSTON, N. Y., DEC. 28, 1916.

Public sentiment is being stirred in unmistakable fashion against the outrageous expenditures contemplated in the public buildings bill now before Congress. In spite of the recommendation of the Public Buildings Commission that no structures of this kind be authorized in places where the postal receipts are less than \$10,000 a year, the "pork barrel" has been planned on the most extravagant proportions yet known, with Southern communities the favored localities, as has been the case for at least four years back. The commission quoted found that in eleven Northern States there were 77 cities where postal receipts were over the \$10,000 mark that were unprovided with buildings, while in eleven Southern States there were only five cities thus unprovided. Regardless of this, the idea of Representative Clark of Florida is directed to giving almost every hamlet in the South a federal building, no matter what the volume of business done. The bill gives North Carolina sixteen public buildings for its ten districts, fifteen of these towns being under 4,000 population and with receipts of but a few thousand dollars annually. Florida is even worse, getting seven buildings in addition to the eleven authorized in 1913, the significance of the seven-eleven being plain in the shaking of loaded dice in appropriations. Georgia gets more towns provided for than Iowa, Maine and New Hampshire combined. In the face of the tremendous treasury deficit this measure is atrocious. On the basis of most of these appropriations, Kingston should have two more postoffice buildings and each as fine as the \$100,000 structure that now stands in the central part of the city.

Another phase of postoffice business in which good judgment is not displayed by the congressional majority may be found in the hostile attitude taken toward the pneumatic mail tube system for New York City, against which the postoffice department is making a determined onslaught. The government experts object to the capacity of the containers used in the tube, which they estimate to be limited to twenty pounds of mail per minute, setting up that wagon service can handle a half ton or ten lot of mail matter more quickly and much more cheaply. These experts lose sight of the fact that the tube service is continuous and permits of the immediate dispatch of mail in small quantities, thus preventing congestion. The experts in the employ of the Merchants' Association find for the tubes, asserting that the government tests were unfair and that actually ten pounds of mail can be carried in a container and more than 800 departures an hour averaged. The extreme point reached by these tubes would require 46 minutes for transit, a speed that wagon service cannot possibly equal. Then, too, the benefit to New York City, which annually contributes \$37,000,000 in postal revenues, through relieving the congestion by eliminating much of the mail traffic in the street would be considerable. Before the Thompson Investigating Committee some information was developed tending to show a mysterious obstacle placed in the way of constructing such mail tubes coincident with the subway work. A similar mysterious force appears to be successfully at work in Washington at the present time.

You can get people to turn out at a community chorus, but you cannot make them sing. That this peculiarity of the public is true of other cities beside Kingston was shown in the great gathering Tuesday night in Madison Square Garden, where Director Harry Barnhart tried to have the crowds join in singing the familiar Christmas hymns and secured but a feeble response from a small number. No such difficulty was encountered with the chorus of one thousand voices which sang Handel's oratorio, "The Messiah," and songs appropriate to the Christmas season with an effect that penetrated the sensibilities of a fairly representative Manhattan audience. Regardless of the failure of the audience to take part in any other capacity than that of listeners, this community effort proved a distinct success. Director Barnhart, who had such an active part in initiating this unique movement in the greater city,

is an ardent advocate of the doctrine that almost everybody likes to sing and will do so if the opportunity is presented. But like every other theory which requires co-operation of the general public, this necessitates a preliminary campaign of education. The psychology of a group on occasions where a united outburst is expected is not much unlike that of the individual overcome by that type of bashfulness known as stage fright. Under proper training, however, popular participation in such songfests is not only possible but a real pleasure to the singers if not always a source of unrestrained delight to others. Here in Kingston a directing talent by no means second to that possessed by Barnhart himself is available if only the necessary measure of support and sympathy is aroused to carry through a community chorus project.

ELLENVILLE.

Ellenville, Dec. 28.—Mr. and Mrs. Denton Bennett entertained on Christmas Mr. Bennett's father, George Bennett, of Port Jervis, and Mrs. Bennett's sister and husband, Mr. and Mrs. S. B. Pierson, of Liberty, N. Y.

Mrs. E. E. Count and children are spending the week in Syracuse, guests of the Rev. and Mrs. F. T. Keene.

Waldo Cookingham is spending the holidays with his parents, Mr. and Mrs. T. Cookingham.

Arthur Morse and family of New York are spending the holidays with his aunt, Mrs. D. Buons, at the Wayside Inn.

Miss Sadie M. Porter, who holds a fine position in Brooklyn, is spending the week with her parents, Mr. and Mrs. Albert V. Porter.

Horace Kimble of New York spent Christmas with his sister, Miss Ida Kimble, at the Kimble home.

Mr. and Mrs. George F. Andrews spent Sunday and Christmas at the Andrews' homestead at Mountandale, guests of their brothers and sisters.

The Rev. Edward Miller of New York spent Christmas with Ellenville friends.

Mr. and Mrs. Olhbrugge and child of Brooklyn were guests of Mrs. Olhbrugge's parents, Mr. and Mrs. E. A. Smiley over Christmas.

Arthur De Groff and family of Peekskill spent Christmas with Mrs. De Groff's parents, Mr. and Mrs. John Ainsworth.

Ellenville's first community Christmas tree and the singing of the Musical Club, the chorus of the village churches and the children of the schools attracted a very large crowd of people to the village square Christmas night, where the brilliantly illuminated tree showed off to fine advantage, as an exemplification of the true spirit of Christmas tide. When the large crowds, estimated to be several hundred people, had gathered around the square, it was one of the finest sights ever seen in Ellenville. The large crowd of singers and other people and Clavton's Band occupied places on the large porches on the Wayside Inn. The children who were around the tree sang while the special numbers were sung by those on the porches, and then everybody together pealed forth several Christmas hymns, "The Star Spangled Banner" and "America" were sung very heartily as the band played. It was an evening long to be remembered by young and older people alike.

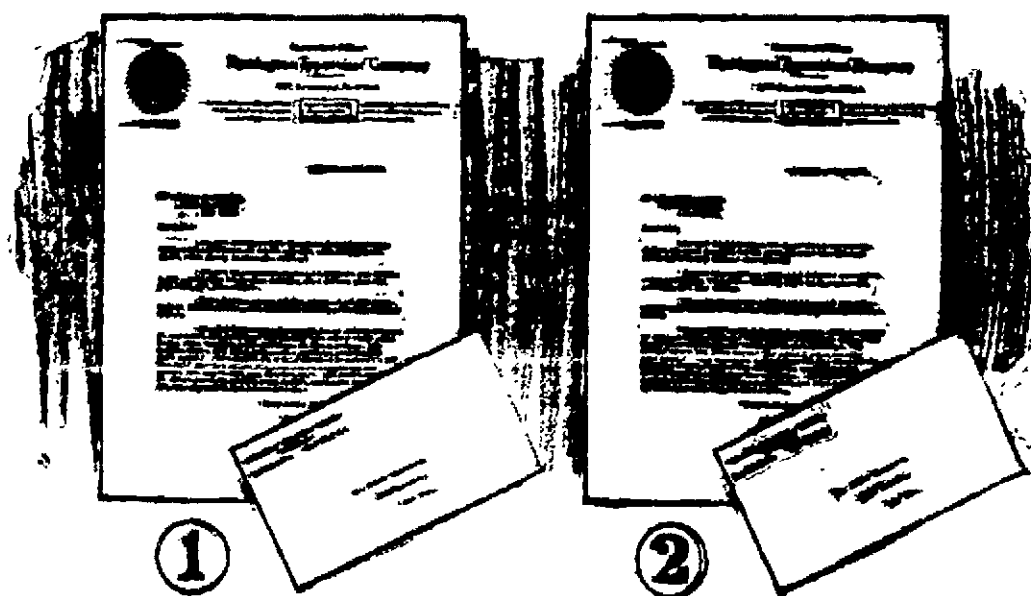

The subscription Christmas dance was held at the Wayside Inn Christmas night with a large attendance of young people. The music was by Scofield's orchestra from Newburgh and was pronounced to have been fine and dancing was enjoyed until the " wee sma' hours " of the morning.

A very elaborate musical program was given at the Reformed Church on Tuesday night. The entire Sunday school were seated in a body in the main auditorium of the church and the large choir joined with the Sunday school in the singing of the Christmas carols. There were Christmas exercises by the boys and girls and recitations by a large number of the boys and girls of the Sunday school. Singing by the primary classes and several solos; remarks by the pastor, the Rev. W. S. Manes, and at the close of a very fine program, to which a very large audience listened, Santa appeared and presented to each one some gift in remembrance of the Christmas season.

At the Methodist Church it was picnic night for the members of the Sunday school. Not having an outdoor picnic during the past summer, it was arranged to hold an in-door picnic with all the trimmings of a good time. It was held in the lecture room of the church. The class of "Jennie Wrens" had charge of the decorating of the room, trimming the Christmas tree, also gave the entertainment, assisted by the larger folks, to entertain the little folks. Shadow pictures from "Mother Goose," recitations by the grown-ups, while the shadows were given by the "Jennie Wrens" and it was certainly a pleasant success. This class of girls, in their early teens, certainly deserve a lot of credit for the way they worked to make the evening a success. Following the entertainment several selections were given on the Victrola, in charge of George C. Rose of the class styled "Eagles." There was a large attendance of members of the school, their parents and friends, and everybody enjoyed the picnic party eating and a good time. Two from the class of Jennie Wrens acted the part of Santa, distributing the gifts to the classes and a box of candy to all. Several beautiful pictures, representing the Christmas time from the "Wise Men" to the "Birth of Christ in the Manger," were hung upon the side wall of the lecture room by Edward A. Smiley and were enjoyed to the profit of all attending.

A large number of contributions of clothing, eatables, etc., were received at the M. E. Church Tuesday evening for the Five Points Mission, and they will go forward at once for use of the needy ones.

COUNT STEPHAN TISZA.

HE WILL PLACE CROWN ON NEW KING OF HUNGARY.

(Count Stephan Tisza.)
Budapest (via London), Dec. 28.—The Hungarian Parliament has completed arrangements for the coronation of King Charles by electing Count Tisza as paladin and thirty-six of its members as his assistants. Count Tisza's election followed a hard fight with the opposition, which supported Archduke Joseph. The paladin is the functionary who places the crown on the king's head. The work of decorating the streets has already started, and despite the war, it is intended to make the coronation an elaborate affair. King Charles will arrive at Budapest on December 27, and the coronation will take place on December 30.

Salt and Milk for Ink.
Ink-stains on garments can be soaked out in a mixture of salt and milk. A teaspoonful of salt to nearly a gill of milk is the right proportion. This answers for either white or colored fabrics, but if the ink has been allowed to dry, it will be necessary to soak the stained part in the milk for an hour or two.

Kingstonian Boilers

Has Any One Explained This Coal-Saving Point to You?
When you want to boil water or fry to poach an egg, you don't put the water in a deep, narrow-bottomed kettle. You get a big, broad-bottomed pan and put a little water in it and it boils almost while you are cracking the egg.
The Kingstonian Boiler acts just like that broad-bottomed pan does. That's one reason why it heats quickly and with less coal than other boilers.

BUSY EVANGELIST

Mrs. Barr Has Unique Title to Fall Into the Ranks of Women.

CONDUCTS REAL CAMPAIGNS.

After Two Years of Endeavor She Finds That Her Efforts Have Met Unparalleled Success—A Minister For Fifteen Years in the Society of Friends.

To the Rev. Mrs. T. D. Barr, an Indianapolis woman, falls the unique title of the "only woman evangelist." She is now conducting tabernacle campaigns and carrying a working party of nine members. As far as can be

THE REV. MRS. T. D. BARR.

ascertained, the Rev. Mrs. Barr stands alone in this particular phase of religious work. An amazing thing is brought to light in that the Rev. Mrs. Barr holds a Sunday afternoon "men only" meeting in each city where she campaigns. She is a member of the western yearly meeting of the Society of Friends. This is her second year of endeavor in the evangelistic field, and her fruits have been unparalleled. She has recently been conducting meetings in Indianapolis and will soon start a campaign in St. Louis under the supervision of the Women's federation of that city. Mrs. Barr has been a Friends minister, having held various charges in the yearly meeting for the past fifteen years.

NEW CAMISOLES.

Helps For the Girl Who Makes Her Own Linen.

It is natural that every girl should crave dainty underwear, but it is usually impossible for the average girl to buy the attractive models shown in the shops. By making her own chemise a girl can acquire some of those things which she has long admired. There is a variety of material from which the home sewer can make selections. Nainsook, fine lawns, silk muslin, crepe de chine and Italian silk are all admirable.

Hemstitching is a successful means for elaborating underwear. It is practical, too, in that it can be done so cheaply by machine and it wears much better than lace. If one has the time and embroidery is especially appropriate for underwear, particularly in these days of sheer blouses. An expensive blouse or frock is marred by shabby underwear or underwear which is cheap and showy.

The liberty to wear colored underwear has misled some girls. They abuse the right and make themselves conspicuous by wearing beneath thin blouses camisoles or chemises of brilliant pinks and blues. Now either color in a dainty shade is rather attractive and lends beauty to a blouse or dress. One little tip in the making of the chemise or camisole may prove helpful to the home sewer. That is to be sure to place the shoulder straps sufficiently over the shoulders to prevent them from slipping, thus causing much annoyance to the wearer. Pin them on first and see if they fit comfortably.

Embroidered shoulder straps are a feature of many new chemises. These are sometimes edged with lace. Ribbon straps are very much in favor too. A chemise which is so simple that a child could make it is made from a straight piece of material folded in half the length of the goods. The sides are stitched down to within a few inches of the bottom, and the top is finished with beading, lace or whatever one wishes to use. Along the folded line the material is cut to form holes large enough for the feet to pass through. The bottom at the sides can be shaped if desired, and the rough edges can be concealed with lace or beading. A touch of hand embroidery across the front and the addition of shoulder straps are all that are needed to complete the garment.

Cocoon Cream Candy.

One coconut, one and one-half pounds granulated sugar. Put sugar and milk of coconut together, heat slowly until sugar is melted; then boil five minutes, add coconut (finely grated). Boil ten minutes longer, stir constantly to keep from burning. Pour on buttered plates, cut in squares. Will take about two days to harden. Use prepared coconut when other cannot be had.

For Silk Stockings.

Paraffin rubbed over the heels, toes and soles of silk stockings makes the threads stronger and doubles their wearing quality.

Pneumonia as a Health Test.

Science now believes that a man who has just passed through an attack of pneumonia is the best imaginable life insurance risk. For the fact that he survived the disease is absolute proof of his powers of resistance and endurance.

When the Lamp Burned Low.

That was a beautiful eclipse of the moon Wednesday night. It brought memories of the good old times when the lamp in the best room was burned low.—*Teodoro Bode.*

COHEN'S NEW SIGN
SOON WILL FLASH

S. Cohen's Sons have placed an order for a huge electric sign, size 25x 5 feet, which will be erected in front of their store on Wall street. The sign will contain the Cohen crest in glowing effect while the name, "Cohen," will be spelled out letter by letter until the entire word is shown, when it will flash out and begin over again. This style sign is among those which have made New York's Broadway famous and the company which manufactures the sign claims that it is the best sign shown in any city along the Hudson river outside of New York city.

St. John's Christmas Tree.
The Christmas tree held at St. John's Episcopal Church last evening was a very happy affair. There was a large attendance of the children of the school, who entered the church in a procession led by the choir boys. Following a brief service, which included the singing of carols and Christmas hymns, the pastor, the Rev. J. I. Blair Larned, gave the boys and girls a Christmas talk they will long remember. Then the tree was lighted with many of the children receiving their gifts, they marched to the front of the church and deposited each a gift in the manger arranged at the foot of the tree. Although the manger was of considerable size, it overflowed with the children's gifts, and there should not be a boy or girl in Kingston who will be quite without some gift this Christmas time, judging by the generosity of the children of St. John's. The pastor also received a generous gift of appreciation from the men of the Every Member Canvass which he accepted with the warmest expressions of gratitude, because the gift showed above all else that all the men of the church were bound together to work for the betterment of their church and the community.

"Messiah" to be Sung at Rhinebeck.
On Sunday afternoon next, New Year's Eve, at 4 o'clock, a portion of "The Messiah" will be sung at the Church of the Messiah, Rhinebeck, Norman Coke-Jephcott, organist. The choir boys from the choir school will take part in the oratorio and will be assisted by Chorus. (Continued) Great water and Herman LaTour of this city. Doubtless many Kingstonians will go across the river to hear this service.

Odd Coronation Ceremony.
In the old time ceremony of coronation in Abyssinia there was one most picturesque incident. Noble maid held a crimson cord in front of the church door, and the king, approaching on horseback, cried successively, "I am your king, the king of Ethiopia," "I am your king, the king of Israel," "I am your king, the king of Zion." But the girls repudiated him. Then he cried, "I am your king, the king of Zion," and cut the string with his sword, while the damsels cried, "It is a truth, you are our king!" and acclaimed him with hallelujahs.—London Chronicle

Suspicious.
"There's a man outside who wants to see you," announced the office boy. "He says he's an old friend of yours." "Find out whether he wants to borrow money or sell life insurance," directed his employer. "In either case, I'm not in."

Daily Thought.
Believe me, the talent of success is nothing more than doing whatever you do, without a thought of fame. If it come at all, it will come because it is deserved, not because it is sought after.—Longfellow.

Lay's New Year Sale

1916 will soon be history. It has been a year of momentous happenings the world over. The War Lord has devastated property and humanity on two hemispheres. While the nations of Europe are clutching at each other's throats, we, in the United States, enjoy unprecedented prosperity.

During this holiday season we try to forget the misery, want and hunger in existence and think of brighter things. We have much to be thankful for. In our own case, we are very grateful to the people of Kingston for having made it possible for us to do the biggest Christmas business in the history of our market.

We thank the public for their generous response to our advertisements and wish you all a Happy and Prosperous 1917.

AVOIDING WORRY.
Worry is an evil that is killing men and women every day. It is asserted that a keen sense of humor will cure any ordinary case of worry. Look at a common housefly through a microscope, and it assumes horrible proportions. Magnify your own troubles, and what huge dimensions they assume! There is nearly always something funny in every serious situation. Try to see it. The best way to overcome worry is to attack it indirectly.

"Better Goods for the Same Money or the Same Goods for Less Money Than Elsewhere"

Upon this platform we stand now, as we have stood for 25 years. Our dealings with the public have been uniformly frank, free and in its interest. It has required a quarter of a century to build our reputation, besides the investment of many thousands of dollars. This reputation is now at stake, and we will not permit it to become tarnished during this great Discontinuance Sale.

The condition of the fabric market precludes the possibility of any local dealer's offering merchandise of equal desirability at anywhere near the prices we quote.

COST OF SCHOOL'S VOCATIONAL WORK

Operating Expenses and Results in Domestic Science and Manual Training Courses Stated in Comprehensive Report by Superintendent Michael—Large Percentage of Attendance.

How much the operating expenses of the domestic science and manual training classes of the high school are and how these vocational departments of the school compare with those of other institutions is shown by the report read to the board of education at Friday night's meeting by Superintendent of Schools Michael. The institution of sewing classes in some of the grammar school was also announced. The report follows:

To the Honorable, the Board of Education, Gentlemen:

At the beginning of the school year in September, 1915, we entered upon a new undertaking for the city of Kingston coincident with the opening of the new high school in establishing vocational work for high school students. It will undoubtedly be interesting to our citizens to know what it has cost for equipment and operating expenses for the first year. This special kind of work has been carried on to such an extent in other cities that we entered upon it not entirely as an experiment but with the degree of certainty born of experience that made the initial steps somewhat easier than they otherwise would have been.

For the boys instruction was given in woodworking and painting. There were approximately 120 students enrolled in these two departments during the school year. The equipment for the print shop was as follows:

Printing press \$215.66
Paper cutter 147.00
Binder 24.50
Stands, job cases and other equipment 150.31
Type 192.24
Total \$729.65

The cost for operating the print shop was as follows:

Paper \$59.44
Ink and other supplies 5.00
Total \$64.44

Against these charges for operating expense should be credited the following:

Paper on hand at end of year: paper used in printing commencement programs, blanks for board of education \$ 11.75
Labor—printing programs and blanks for board of education (est.) 15.00
Total \$ 26.75

For the woodworking shop the cost of equipment was as follows:

Work benches 505.40
Power saws, surfacer, planer, jointer, trimmer, oil stone grinder and motors 1,580.00
Labor for installing machinery 100.00
Total \$2,685.40

Operating Expenses

Salary of teacher \$1,700.00
Lumber purchased 249.08
Electric power 90.00
Repairs 10.00
Paints, oils and stains 54.80
Hardware supplies 30.25
Total \$1,733.13

Against these operating expenses should be offset the following items:

Lumber sold to students \$ 34.30
Shelving put up in lunch room, labor estimate 5.00
Bulletin board, No. 8 school, labor estimate 1.00
Closet and window shelves in class rooms, labor estimate 8.00
Framing picture for class room, labor estimate 50
Putting in concrete base under lathe and motor in shop, labor estimate 3.00
Putting up partition fence shelving, hangers, belt box, magazine rack, type case stand and storage cabinets in shop, labor estimate 10.00
Making 15 window boxes, No. 3 school, labor estimate 1.50
Lumber on hand 25.00
Lumber used in equipping

shop with shelves, cases, etc. 35.00

Total credits to be deducted from total operating expenses \$126.30

In estimating the above labor I have not used the prevailing rate for skilled workmen which would have brought the credits for labor nearly double the above estimate. Deducting the credits from total operating expenses we find the net operating expenses to be \$1,606.83.

In the domestic arts department for the girls we instructed during the year approximately 200 young women in cooking and sewing. The cost of equipping the sewing room was as follows:

Sewing machines \$234.40
Cutting table, fitting stands, cabinets and other equipment 254.79
Dress forms 27.96
Total \$517.15

The operating expenses of this department were as follows:

Salary of teacher \$700.00
Materials purchased, cloth, thread, etc. 74.68
Total \$774.68

Against these are the following credits:

Garments and material sold, \$ 13.14
Supplies on hand at end of year 15.00
Total \$28.14

Deducting the credits from total operating expenses we find the net operating expenses to be \$746.55.

The cost of equipping the cooking department was as follows:

Cooking tables, range, gas oven, gas stove, refrigerator, kitchen utensils and dishes, plated ware and carving set, Table cloth, napkins, towels, etc. \$725.58
Total \$725.58

The operating expenses were as follows:

Salary of teacher \$800.00
Groceries 124.30
Milk 26.21
Fruit and vegetables 33.10
Meat, eggs, butter 31.89
Fish 5.28
Ice 4.05
Laundry of table cloths, napkins, towels, etc. 11.32
Total \$1,036.11

Against these items there are the following credits:

Food sold \$ 94.43
Supplies on hand at end of year 6.80
Total \$101.23

Net cost of operating expenses \$934.88

It might be borne in mind that the high school equipment in these new departments is of a character that does not rapidly wear out. With the careful use it receives we are confident that it will last with minor repairs for a period of twenty years.

It must be understood that interest on the investment and depreciation has not been considered in figuring operating expenses. The interest is a legitimate annual charge.

Depreciation would need to be distributed over a term of years.

The registration in our high school is about 20 per cent of all the children in attendance at the public, private and parochial schools of this city. This percentage is about double that in many other cities.

It is claimed by many educational writers that only about ten per cent of the pupils in the cities of the United States are found in the high schools. I think the city of Kingston may take pride in the fact that so many of its children are eager for the higher things of life.

The parent-teachers' association of School No. 8 recently gave an entertainment for the purpose of raising funds to conduct a sewing class for the girls of that school. The class has been organized under the direction of Miss Ruth Vignes, a member of the advanced sewing class at the high school. When I visited No. 8 last week the sewing class of about seventy girls met in the assembly room of that school to give Miss Vignes such assistance as she might require. The large number of interested children attending this class was indeed gratifying.

A similar enterprise is being carried on with the girls at No. 6 school under the instruction of the teachers of that school and I am glad to report that in Miss Arnold's room at No. 2 school one afternoon I recently found her girls engaged in this work under Mrs. Arnold's guidance.

Last week the high school was visited by Mrs. Anna Hedges Talbot, inspector for the State Education Department of domestic arts work in New York.

At the end of her visit she told Principal Moulton that we are doing the same grade of work as is being done in vocational schools. She said that she considered it one of the best departments in the state; that she thought we were entitled to receive credit for conducting a vocational department in the high school.

Principal Moulton, encouraged by her favorable suggestions, with my approval has made application for the establishment of a vocational department in domestic arts for girls. If this application is granted I understand the state will pay one half the salaries of our domestic art teachers.

Mrs. Talbot said that we were leading the state in one particular, viz., that of sending out some of our girls from the advanced high school classes in sewing to teach groups of girls in that subject in the elementary schools and recommended that we extend this work as rapidly as possible, stating that the girls acting as teachers of sewing or cooking would be given school credit for their services.

We have felt that it was better to let this work grow to such an extent as to meet the favorable approval of the education department than to force it at the outset by establishing the work at public expense. We have come to the point, however, in our enterprise where it will be necessary for this work to be continued to provide suitable apparatus in the near future. Possibly at the beginning of another school year a small investment could be provided for a few sewing machines in the grades.

Mrs. Talbot also suggested that under the instruction of the girls in the advanced classes in cooking, Saturday morning cooking schools for girls in the grades could be conducted in the high school by having groups of girls from the several grammar schools volunteer for such instruction. I believe the interest of our high school girls in this work is such that we would have no trouble in securing volunteers to do the work.

Mrs. Talbot also said that we were exceptionally fortunate in our ability to sell the food prepared by the cooking classes to the lunch room management, thereby materially decreasing the operating expenses of our cooking classes in the high school.

Not wishing to weary you with too many details in a lengthy report I am reserving for a future report the methods of operation including a brief outline of the courses given in our manual training and domestic science department.

In the manual training department just as efficient work is being done as in the domestic arts department. We are hoping before long to have a state inspector look over this work. I believe that a plan may be worked out at small additional expense whereby this work for boys may be provided in the 5, 7 and 8 grades.

My desire is to reach those boys who never come to the high school, with instruction in those manual arts, which will help them to greater efficiency in their struggle for a living after they have left the elementary schools.

Respectfully submitted,
MYRON J. MICHAEL,
Superintendent.

Freddie was told by his father to find out the prices of seats for the circus. Freddie soon returned, breathless from haste, and announced: "Twenty-five cents for children, and fifty cents for overgrown people."

Good Plan.

A little girl told her mother she had decided to get married. Her mother laughed and asked her why. "I'm going to get married," said Mary, "and have five children—three white and two colored—I do the work."
